Taunya Todd is passionate about following Jesus and sharing His love with others while connecting through music, word and fashion.

Music A singer first, Taunya loves using songs to connect with people and God, with music being a wonderful means of worship and for sharing stories of hope and healing. Her song list ranges in style from contemporary Christian music, hymns to gospel, and country. Taunya's original songs are written out of her heart, as she follows Jesus where He leads.

Word Through marriage, motherhood, depression and chronic disease Taunya has found there are valuable lessons to be learned. More importantly, after the clouds have lifted, there is light and purpose. Taunya's desire is to encourage and connect with listeners through her words, always pointing them to Jesus and His power to make everything new.

Fashion Taunya enjoys helping women see how wonderful and beautiful God specifically made them. That's why she teaches fashion tips and tools. She believes modesty can be fashionable, and inner beauty should be reflected on the outside.
