Taunya Todd passionately follows Jesus where He leads, sharing His love with others through...

**MUSIC** A singer first, Taunya loves using songs to connect with people and God; with music being a wonderful means of worship and for sharing stories of hope and healing. Her song list ranges in style from contemporary Christian music & hymns to gospel & country. Taunya's original songs are written out of her heart and experiences following Jesus.

**SPEAKING** Through the challenges of marriage, motherhood, depression, chronic disease, and having a husband in law enforcement, Taunya has found there are valuable lessons to be learned. More important, after the clouds have lifted, there is light and purpose. Taunya's desire is to encourage and connect with listeners; always pointing them to Jesus and His power to make everything new.

**FASHION** Taunya enjoys helping women see how wonderful and beautiful God specifically created them. That's why she teaches fashion tips and tools; believing modesty can be fashionable and inner beauty should be reflected on the outside.

Connect with Taunya to book your next event...
